Casket Selection Catalogue

All caskets available at the Cleveland Funeral Home are made from top quality materials and manufactured by highly skilled tradesmen.

Wood grain caskets are presented with a high degree of detail.

The casket is fully adorned and tastefully lined with your choice of top grade linings.

Our comprehensive range of solid timber caskets are finished in a semi-gloss to enhance the natural beauty of the timber. No two solid caskets are ever the same, reflecting the individual nature of every person. A choice of metal handles is part of the selection of a solid timber casket. The casket is fully adorned and tastefully lined with your choice of top grade linings.

“Ecco” Caskets are an environmentally friendly option of solid natural timber.

The Ecco casket is kiln dried, non treated solid pine. All glues used in its manufacturer are water soluble and the casket is finished in a natural oil to enhance the grain and protect the wood from marks. A choice of handles and linings are available. Natural wood handles and environmentally friendly unbleached calico linings complement the environmentally friendly “ecco” casket.

We pride ourselves on being able to meet the needs of every family. Whether it be different wood grain finishes such as hickory or rosewood, to painted caskets, those with graphics to different styles and shapes if you wish. These can be procured from our suppliers usually within 36 hours.

A range of economy caskets is also available on request.

*C*leveland Funeral Home does not believe in using wooden casket liners as is the practise of some funeral homes. We also guarantee that any item placed into a casket with a loved one is only removed if we are requested to do so by the family.

overeign

Raised Lid Casket.

The “Sovereign” represents the top of our wood grain casket range.

It is finished in either Rimu (shown) or Mahogany.

A wide range of linings, handles and adornments are available to complete this casket to meet your taste and needs.

tatesman

Raised Lid Casket.

The “Statesman” represents the entry level of our Raised Lid wood grain casket range.

It is finished in either Rimu or Mahogany.

A choice of Fixed, non folding handles, or plain drop bar handles is available. A choice of either a satin one piece side set and quilt or traditional “five piece” side set and a choice of adornments complete this casket.

Caprice

Flat Lid Casket.

The “Caprice” represents the top of our flat lid wood grain casket range.

It is finished in either Rimu or Mahogany (shown).

A wide range of linings, handles and adornments are available to complete this casket to meet your taste and needs.

Classic

Flat Lid Casket.

The “Classic” represents the every day flat lid wood grain casket range.

It is finished in either Rimu or Mahogany.

A choice of Fixed, non folding handles, or plain drop bar handles is available. A choice of either a satin one piece side set and quilt or traditional “five piece” side set and a choice of adornments complete this casket.

Environmentally Friendly Timber Casket.

The “Ecco” casket is a beautifully presented flat lid environmentally sensitive casket.

It's constructed from non treated, kiln dried solid pine and the entire construction process is aimed at making as little impact to our planet as possible. It has a satin oiled finish to enhance the natural grain and protect the casket from marking.

A wide range of handles, linings, and adornments are available to complete this casket to meet your taste and needs.

In keeping with the “Green” feel of this casket we suggest that environmentally sensitive unbleached calico linings and side sets, along with the manufacturers wooden handles be considered to complete this casket.

Executive

Solid Timber Casket.

The “Executive” is a beautifully presented Solid Mahogany (Shown) or Rimu Raised Lid Casket.

Its plain sides and high raised lid enhance the grain and rich colour of both the Mahogany and Rimu timber used in these beautifully crafted caskets.

A wide range of handles (including solid metal), linings, and adornments are available to complete this casket to meet your taste and needs.

*R*egency

Solid Timber Casket.

The “Regency” is a beautifully presented Solid Mahogany or Rimu (Shown) Raised Lid Casket.

The striking feature of this casket is its rebated fielded panel sides and the high raised lid. Each panel of timber is fitted individually into position. The effect gained by the cross graining of the panel sides and the straight grain of the lid results in a stunning and ornate finish.

A wide range of handles (including solid metal), linings, and adornments are available to complete this casket to meet your taste and needs.

Have you ever heard...

someone say I'd love a casket with flowers painted all over it ... or dad was a real AB's fan, or mum's favourite colour was Blue! We can meet their wishes with a huge range of caskets only limited by your imagination.

These "Special" caskets, whether they be different wood grain finishes such as hickory or rosewood, painted caskets, a comprehensive range with graphics, or alternative styling's are available from our suppliers usually within 36 hours.

If, however, you wish to design your own colour scheme, graphics layout, or if you have a favourite picture you want printed onto a casket, we suggest you call and talk to one of our friendly professionals and we will turn your ideas into reality.
